

Dear Gentlepersons,

I am very concerned that media deregulation results in inferior news coverage and profiteering by those who have been granted use of the PUBLIC airwaves. The air belongs to NO ONE but the American PUBLIC. Also NEWSPAPER coverage is a balance to TELEVISION and as important as the BALANCE OF POWERS written into our CONSTITUTION. Media moguls are motivated by profit, not free speech or quality information.

Repealing rules that prohibit a media company from owning both a newspaper and a TV station in the same geographic area is a dangerous neglect on the part of the FCC. The next logical step should be disbanding the FCC. If the FCC continues to fail to look out for the interests of the American public, it only exists to provide arbitrary censorship and remove impediments to corporate avarice at any and all costs.

Furthermore, I consider it deeply offensive that these deregulatory measures should be processed with all haste in the shadow of our national tragedies suffered on 9/11/2001. How dare you?

Continue as you have and I will make it my mission to bring your evil opportunism to people's attention, to encourage reversing the course of your deregulatory actions and to promote the disbanding the FCC.

You are disgraceful. You represent a misuse of power and an abuse of the public trust.

How dare you? And how do you sleep at night?
